FOR IMMEDIATE RELEASE

HIGHWAY 24 REHABILITATION WORK TO RESUME

Oakland – Weather permitting, rehabilitation work on Highway 24 from the Caldecott Tunnel, to the Walnut Creek/Lafayette city boundary is set to resume May, 2008. When the work schedule is finalized it will be posted at the Highway 24 Rehabilitation website at http://www.dot.ca.gov/dist4/24_rehab/.

Rehabilitation work will include grinding and paving the highway and all on and off-ramps, striping, and the installation of metal beam guard rail. Lane closures and delays will be mitigated as much as possible during the construction work.

This much needed project will provide a smoother and quieter journey for the daily ride of 160,000 motorists, and will extend the service life of the road by twenty years.

Please remember to drive safely, and to slow for the construction crews.

For further information contact Michael Lopez at (510) 286-5445.
